

**IMPORTANT UPDATE**

**CT-3300 (34-0673) and CT-3360 (34-0675)**

**Object: PLUG-IN VALET SWITCH**

Please be advised that the CT-3300 and the CT-3360 Remote Car Starter Models do not include the plug-in Valet Switch. The Valet switch has now been replaced with a built-in feature called **IGNITION VALET**.

To **ENTER** Ignition Valet

- Insert the key in the Ignition Switch and turn it to the ON (RUN/IGNITION) and OFF positions 5 times within 10 seconds.

To **EXIT** Ignition Valet

- Insert the key in the Ignition Switch and turn it to the ON (RUN/IGNITION) and OFF positions 5 times within 10 seconds.
